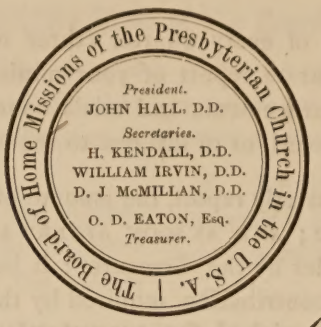
No. 7398

AGREEMENT.

The Board of Home Missions of the Presbyterian Church

IN THE UNITED STATES OF AMERICA,



Box L,
Station D.

53 Fifth Avenue,
New York.

March 1st 1892

To the Rev. Sheldon Jackson D.D.

The feeble Presbyterian Church and Congregation ~~of~~ in connection with ana on the recommendation of the Presbytery of Alaska having made application for aid in your support as their ~~Minister~~ Missionary, and satisfactory evidence having been furnished of your being in good and regular standing in the Presbyterian Church, the Board hereby appoints you as ~~Missionary~~ such to the above-named Church and Congregations, for the term of twelve months from this date, on a **SALARY** of ~~Dollars~~ ($ xxxx), and agrees to pay you twelve hundred Dollars ($1200 x) from its TREASURY, the remainder to be paid by the people among whom you labor.

This Agreement is good only for the Minister and field named.

By order of the Board.

John Hall D.D.
President.

H. Kendall
Wm Irwin
D J McMillan
Secretaries.

TERMS OF THIS AGREEMENT.

First. You are required, at the end of every quarter (three months) from the date of this Agreement, to forward to the Secretaries, a full and accurate report of your ministerial labors; noticing in detail the various departments of your work, and the encouragements and trials connected therewith, together with any facts or suggestions that may be of service to the Board, or of interest to the whole Church.

Second. On the reception of your quarterly report, the amount of compensation, for the quarter, as determined by this Agreement, shall be regarded as due; AND AS SOON AFTERWARDS AS THE FUNDS WILL WARRANT, a check for the same will be forwarded to your order by the Treasurer: it being understood that *the payment for the last quarter will be withheld* until the annual contribution required by the "Rules for Congregations" (ART. IV.) has been reported to the Board. **No blanks furnished for *quarterly* reports.**

Third. You are expected to forward to the Secretaries, in time to reach them by the *first of April*, an **annual statistical report** *for the fiscal year ending with that date*, or such portion of that year as has been spent in the service of the Board, for which a *blank form* will be furnished in due season, exhibiting:—

1. Name of Missionary (in full) and P. O. Address.
2. Name of Church or Churches supplied by you.
3. Connected with Presbytery of ——.
4. Number of Stations supplied at regular intervals.
5. Number of Persons received on Profession.
6. Number of Persons received by Certificate.
7. Whole number of Communicants.
8. Average attendance on Public Worship.
9. Number of Baptisms: Adult — and Infant —.
10. Number of Sabbath-schools organized by you.
11. Number of Sabbath-schools on your field.
12. Number of Scholars connected with same.
13. Number of Church Edifices and their value.
14. Number of Church Edifices built during year and their cost.
15. Number of Church Edifices repaired or enlarged and their cost.
16. Amount of Church Debt canceled.
17. Have you a Parsonage; if so, what is its value.
18. Has your field become self-sustaining this year.
19. Names of Churches organized during the year.
20. Are you a settled Pastor.

☞ *The above questions are for your use in making out your Annual Statistical Report in case the Annual Blank should fail to reach you by March 25th, and have NO reference to your* QUARTERLY REPORTS.

Fourth. All contributions made by the people of your charge to the Treasury of this Board you will please *retain*, and *acknowledge the same* **in your quarterly report ONLY,** when credit will be given to the congregation contributing the same, and the amount will be deducted from your quarterly payment. Credit, however, will not be given *until the quarterage is paid.* This is safer than to transmit the money by mail.

RULES FOR CORRESPONDENCE.

Letters relating to missionary appointments and other operations of the Board should be addressed to the Corresponding Secretaries, Drs. KENDALL, IRVIN and MCMILLAN.

Letters relating to the financial affairs of the Board, or containing remittances of money, should be addressed to O. D. EATON, Treasurer.

FORM OF BEQUEST.

I give, devise, and bequeath, unto "The Board of Home Missions of the Presbyterian Church in the United States of America," the sum of.....Dollars, to be expended for the appropriate objects of said Corporation.

Rules of the Board of Home Missions.

I.—RULES for MISSIONARIES of the Board of Home Missions.

I. The grand aim of the Missionary should be to build up the kingdom of Christ, by constant and prayerful labor for the conversion of the unregenerate, the edification of Christians, and the training of the children.

II. The Missionary must be a member of the Presbytery to which the church or churches under his ministry belong, and he is expected to reside within the bounds of his field of labor.

III. As soon as it is necessary, the Missionary, after obtaining authority from the Presbytery, will organize a church in every suitable locality where there is not one already, and will see that it is placed at once under the watch and care of the Presbytery to which it naturally belongs. He is urged to avoid interfering improperly with existing organizations, or multiplying churches from mere sectarian considerations.

IV. As soon as possible, the Missionary will endeavor to secure for each congregation the erection of a suitable house of worship where one does not exist.

V. He is expected to organize a Sabbath-school wherever it is needed, and, as far as practicable, see that it is supplied with teachers and spiritually cared for.

VI. He is to cultivate the spirit of benevolence in his people by inducing them to contribute to all the objects recommended by the General Assembly, as the Lord hath prospered them.

VII. Every congregation receiving aid from the Board is required to take up an annual collection for the same.

VIII. Under NO circumstances are Missionaries authorized to *draw* upon the *Treasurer*.

II.—RULES for CONGREGATIONS applying for aid to the Board of Home Missions.

I. Every organization should endeavor, by effort within itself, or by union with one or more neighboring congregations, to support itself before seeking aid; and when aid is needed, the smallest sum should be asked that will meet the case.

II. The following particulars should be included in the application, viz.:

1. The NAME and the POST OFFICE ADDRESS of the congregation, and of the MINISTER to be commissioned, with a statement as to whether he is engaged in any other calling than that of the Ministry.

2. The number of communicants, and the average attendance on public worship.

3. The denomination and the size of the congregations immediately contiguous, with the distance to their places of worship.

4. The state of business in the community, the character and condition of the people, the total population of the place, and whether it is increasing, stationary or diminishing.

5. The TOTAL amount of SALARY which the applicants propose to make up, and the portion of salary which THEY pledge; the arrangements made for securing it; whether they have a parsonage, and if not, what is the probable rent of a suitable residence for the Missionary; whether aid is expected from any other source, and the least amount that will suffice from the Board.

6. The date *from* which, and the length of time *for* which, aid is desired.

7. The Presbyterial relations of the congregation and their proposed Minister (none can be aided by the Board who are not in connection with the General Assembly of the Presbyterian Church).

8. The application should be signed by the elders, the deacons, and the trustees of the congregation, so far as it has such officers.

9. The application, by special direction of the Assembly, is in all cases to be approved and forwarded by the Presbytery to which the church belongs, or by the Committee of the Presbytery on Home Missions, and the recommendation of Missionaries and the amounts asked for them from the Board must be determined *by ballot*.

10. Applications are to be *renewed* before a new appointment can be made. Renewals should fill all the above requirements, as facts contained in former applications cannot be utilized. With the new application a CERTIFICATE of the Minister is to be furnished, showing that the congregation has fulfilled its former pledge for his support.

III. Congregations should become self-supporting as soon as possible, and aid should not be continued for a period of more than five years, except for special reasons satisfactory to the Presbytery and the Board.

IV. Each congregation is aided on condition of its taking up a collection for the Board during the year for which aid is received.

V. Applications should be forwarded promptly, as the Board, except in extraordinary cases, **will not antedate an agreement longer than two months from the time of the reception of the application at the Mission Rooms.**

VI. All applications for the renewal of aid shall certify that the Minister is a Pastor, or give reasons satisfactory to the Presbytery why the *pastoral* relation has not been formed.

Mr Jackson—

Sir—

I have secured the package of seeds, for Inga, as you requested, but am told there is no Post Office there.

How can the package be sent.

Am sorry you could not be with us last Sunday, did not know you were out of town, until after arrangments were made.

Respectfully

Rev. Sheldon Jackson,

Dear Sir,

I received your letter in regard to Edward Madden and before I determine what to give towards his support, I would like to hear what you think of the progress he has made and if he has been able to keep himself

in a financial way through his music or his own efforts in other ways. I have great confidence in him if he can remain unbiased while he is in contact with civilization.

I will write to him directly, but would very much like your opinion as well as what

he tells me himself -

Yours sincerely

Dear Doctor Jackson

I have been interested deeply in every fact relative to Alaska & especially in the Point Barrow Station.

The Church at large surely should be deeply grateful for all you have been permitted to do.

We women I know owe you a lasting debt for giving us an impetus. I have been thrilled by your article in this months Home Mission Monthly -

My purpose in writing you is to ask that if

you are coming to Pittsburg or Vicinity this Spring or Summer, you will kindly let the Pastor at Monongahela City know, & arrange to come here.

We have sent for many years a hundred dollars & Guineas annually. This is done by our Children's Bands. There is plenty of wealth among our men & they are very public spirited about Home matters but their sympathies do not reach out to Alaska, or indeed very far beyond the Mississippi in any degree.

I do not know whether you are leaving Washington at all, & I could not ask you to come just to us if you were, but should you be near us we would esteem it a great privilege to see & hear you, & to care for you with the utmost devotion, & pay expenses too.

Mrs. Maxwell echoes all I have said.

Very sincerely

My dear sir.

Yours of the 24'th was duly received. I should have answered you sooner. I went down immediatly to see Mr Nettleton as I deem it all important that Mr Johnson should be ordered to Washington. Mr Nettleton had gone to New York however, and I will not be able to see him until tomorrow. I feel that he will do what is right in the case as he is a most excellent man. Will let you know the outcome.

Very truly yours.

The

Commissioner of Education:

Dear Sir:

I desire your assistance in having prepared for the President a letter by the Secretary in the nature of a memorial from this Department which is so largely responsible for the welfare of the Indians in Alaska, the good government of that Territory, and for a more efficient organization there. I transmit you the letters of Mr. Emory Foster, with a letter I had already prepared myself in regard to the matters he has spoken of. But before this was transmitted I received further advice from you in regard to the killing of Mr. Edwards, and a letter from Captain Healy, with whom Mr. Jackson is acquainted, and whose initials can be obtained, setting forth a number of other matters threatening the welfare of the inhabitants. You are acquainted also with the circumstances connected with the new regulations sent over to the Treasury Department. My own views in general, without endeavoring to recite the matter that should be contained in the letter to the President, are that there is no sufficient government for Alaska, and that Congressional action immediately is necessary, establishing at least a simple form of government

there to be administered through the Governor and a Commission, with power of appointment of Justices of the Peace, Constables, and conferring sufficient jurisdiction upon the Commission and Governor to adjudicate offenses if an appeal is deemed proper from a justice of the peace; prohibiting the liquor traffic except on the conditions with which you are familiar, and supported by a seaworthy vessel, if not two, manned by experienced officers to be selected by the Governor, and with pilots acquainted with the waters that are to be traveled. This is absolutely essential to the enforcement of any writs or direction against smuggling. The laws against the introduction of whiskey, intoxicating liquor, beer, etc. should be very strict, because particularly of the peculiar effect of these beverages upon the aborigines of that country. The schools and teachers should be brought under the direction of the laws to an extraordinary degree, so that they may not only feel safe in the prosecution of their labors, but have authority to compel the attendance of scholars and preserve the morals of the community in which they may be. They should be multiplied greatly over what they now are, and kept under the direction of your own Bureau. Laws pertaining to the preservation of fish, and providing against the enormous wrongs that are now being practiced threatening the extermination of one of the sources of food of the people there should be enacted by Congress, with sufficient courts, either the Commission mentioned or other, and officers to enforce whatever the mandate may be. The whole community should be compelled to recognize without delay the existence of a

superior and formidable power to preserve the peace and advance the welfare of that country.

I write in considerable haste, as I am about to leave for a few days to take my wife south, but with the consciousness that yourself and your valuable assistant, Mr. Jackson, if he is here, are the best hands to which I can commit the preparation of this paper that would give me great pleasure to prepare myself, if I had the time. It is a subject in which any patriot or lover of his race should take a most earnest interest, and particularly at this time. I shall be proud to have participated in any movement that will bring about a good government for Alaska.

Yours truly,

My Dear Sir

Your letter dated 4th ult. reached me last Monday in Alexandria.

Personally I am quite agreeable for Mr J. Paton's letter to myself to be published, and possibly he himself would have no objection, but I think it would be courteous, & also proper to enquire. Would you mind the trouble of doing so?

Some of the descendants of those staunch Protestants the Vaudois are in straitened circumstances in their mountain homes in the French and Italian Alps. From your experience of Canada, what part do you consider would be best for them to move to where land is cheap, but mountainous, more like their old home in the Alps, and as easily accessible to the sea coast as could conveniently be obtained?

I do not know whether you are cognisant of the working of the China Inland Mission. It appears one of the grandest missionary enterprises of the present day. I am sending you three numbers of "China's Millions" of which I will ask your acceptance. Their perusal may interest you.

Many thanks for your kind invitation. Some years since I sailed over to Staten Island when I visited New York but I have not since been in America.

I have also to thank you for the publications you have kindly forwarded to me.

Wishing you success in

My dear Doctor Jackson

Your letter and Records received. Thanks. I am glad of Kelly's appointment. I trust the complications at Wrangel may be straightened out.

I am surprised at the lack of intelligent comprehension of Alaskan matters, by Washington Authorities, and Correspondents visiting the country. Such a mess of it as is made — the mixture of truth with error, fact and fancy, giving wrong reasons for right things, reversing logic, letting imagination run riot, taking information from ignorant and uncandid informers — is 'fed dead'! Has the time arrived when Satan should be unloosed for a season?

Dear Sir:

I am in receipt of yours of 3d inst and note same. I think as Capt Healy does that with the change of the keepers of the Refuge Station that you will have all the room you require at Point Barrow, but at the same time it would be a good plan I think to send up a lot of lumber and let them build a house such as they want. You could send the rough lumber up and they could build a house to suit themselves, only I would like to have an idea of about what sized house they would want in order to get the right lumber and the quantity required for it. I wrote you a few days ago in regard to sending a steamer up and take all the passengers that you wish to send and anything for the different stations. As soon as I hear from you I can then decide whether I can send the steamer or not. As I wrote you before I would send one up even if it costs me several thousand dollars more than I would get. In sending so far I think it would be advisable for you to be sure of getting your parties to their place of destination rather than take any chances. I do not know the size of the building that Mr.

Over

Kelly erected and have no means of ascertaining now; anyway, if your people get up there and have no other place they shall have quarters in our building. Please let me know if you have not already done so what you will have to go up and what amount you can pay for same, and then I will decide at once whether it is feasible for me to send the steamer as proposed.

Dear Sir.

At a meeting of our Church Council held last evening, it was decided to ask the Presbyterian Committee of the Conference District, to hold the next session of our Conference with us.

We desire to secure a large attendance and will shorten our Evening services so as to close by nearly an hour as possible.

The Woman's Foreign
Missionary Society Auxiliary
will follow our usual
afternoon. I must tell
you also confidential that our
home society during the eight
years of its existence has had
to encounter the prejudice and
at time the opposition of many
of the leaders of the Woman's Foreign
Society. Personally I have
been the more desirous to have
you address this Anniversary because
so many of these persons will be
present. We shall earnestly
pray for God's special blessing
on your plea for the redemption
of Alaska's heathen.

You will remember that
our Anniversary occurs Thursday

afternoon March 21 at two o'clock.

If you will write me when we may expect you I will give you whatever details you may need in order to reach Monroe from the train, and will be most happy to arrange for your entertainment while there. Will you kindly state what your charge will be as that our Treasurer may be prepared to pay you at the close of your address?

Trusting a kind providence may permit you to come to us without fail,

Wrangel,

March 9th, 1892.

Rev. Sheldon Jackson, D. D.,

My Dear Friend,-

I received by the last boat your several letters of Feb 12th. I am quite satisfied to be relieved of my official duties and am more than pleased to be succeeded by so good a man as Mr. Kelly.

My regret in leaving Alaska is more on account of parting with the Indians than all other considerations. Ever since I came here they have been my wards, and I have spent a large part of my time with them and for their benefit. I have protected them from the oppressions of the white men and from the cruelty of each other. I have not allowed any legal suits of proceedings among them, but have heard all their grievances and disputes and have settled them all amicably and without cost to them or any one. I have assisted them in sickness and buried them when dead. In consequence of these things, the natives are all my friends and appear to be very much attached to me, and express great sorrow and regret on account of my leaving them.

I have been apprehensive of some <u>cultus</u> politician being

appointed, who would be mercenary and selfish enough to oppress or at least neglect these good friends and drive them back toward their old barbarism.

I believe that Mr. Kelly will continue the same policy that I have, and be to them a friend and adviser. I have demonstrated the falsity of the statement that the Indian is destitute of gratitude: they are not demonstrative or servile, but they appreciate kindness quite as much as any other race; and also the untruth of the declaration that the only good Indian is a dead one. I believe with Gen. Morgan that the best Indian is an educated Indian.

The weather has been so bad that I have not been able to reach Metlahkatlah yet, but will do so before I leave the District. Mr. Duncan will not be at home until about March 20th, as he did not come on the last boat.

I enclose to you a letter from my old friend, James F. Mc Kee. It discloses important facts, and it appears that he would like to impart other information when I go there. Please do not use his letter in any way that would injure him with Mr. Duncan. As you can see, he wrote me as an old friend and gave the facts without intending any harm to anyone. I employed him to teach school in Greendale , Pa., fifteen years ago. I will go to see him soon.

The canneries of Alaska have made a combine, but the

Klamalk Company is not in it. Mr. Wadlugh will be here on the next boat, about the 20th of March, and until he arrives, we cannot say if the cannery will run or not.

Mrs. Thomas is quite well and will take the school at $100.00 a month. Five months will be long enough for that place, beginning the first of May.

Before closing the letter, allow me to most sincerely thank you for your kindness and confidence during all the time of our official relations and personal acquaintance. I shall remember all our struggles and efforts for the benefit of mankind, with a great deal of pleasure; and with the sincere hope that this confidence and friendship may continue through life, I remain,

Yours friend,

(Signed) James Sheakley.

My dear Dr. Jackson:-

I have written to Knowles of California in reference to a supply of coal for the Point Barrow Mission. With this I hand you a copy of Mr. Stevenson's request for medicines, also a list of supplies needed for the use of the school. I wish you would look over both of these and tell me what you think of them. If I am not mistaken, we sent up a double supply of school supplies last year. What I want you to look at more particularly is the requisition for medicines. If you think it right, kindly return the requisition to me. I wish you would also advise me if these medicines and the school supplies can be sent up on the Revenue Cutter "Bear"? It has occurred to me that possibly they might allow a small box or two as your personal baggage. I also hand you a copy of Mr. Stevenson's suggestions for the use of any person who may be sent north to assist him. I thought you might like to place this in the hands of the parties whom you are proposing to send.

Dear Brother

Your letter of Dec 19 came to hand. In latter or Feb. I have filled out the church & Sab. S. papers, as to the prospective building there will say we have a plan of our own, and have nearly all the logs for foundation, and frame, have ordered the lumber for some time since, and sent to Mr Wood Frame for Door & window frames

I had a letter from Prof. Young saying he had met you in S. F. and you spoke of the plan of having the Sitka boys come to help put up the building. he said the Board favored it, and the boys said they would be glad to come. So I believe we will

of our people went to Jamaica with Grace, and returned with the Grippe in the first week of Feb. I went down on the 5th was in bed a day or two. Friday of same week Edna took it, next Mrs Hill & Garland, younger & eldest until I was able to wait on them down the most, and there was no other way but for me to wait through. The best I could, but through the blessing of our kind Heavenly Father we are all up, and busy as bees; although not perfectly well yet. We had to close school until the first week of March. Our whole ranch has had it. Several deaths have occurred principally among the negroes, one day we buried the mother and daughter six doors apart, the next week we had 3 funerals on the same day. Of men from different camps

last I think it has about left its place. I got out as soon as possible to attend Conference. My Medicine Creek, and visited the ranch, it was a sight faithful to behold, but by the blessing of God we got ahead of the disease, and all now are on the mend. It afforded a grand opportunity for personal work. We started the first week of March as a week of prayer instead of Jan. held our communion on the 6th of March receiving 20 on profession of faith. On last Sat. baptized 11 more, and several since have asked for the privilege. God's Spirit moves one of the most respected & influential men to come out for Christ, and he has been talking to his friends, and they are being led to follow Jesus. No excitement, but gentle showers of blessings are now descending.

My dear Sir:

I have to acknowledge receipt of your communication of the 10th instant enclosing extracts from letter from Rev. E. S. Willard commissioner in Alaska.

These papers will be added to those left by you, and the whole matter given prompt consideration.

Hon J. W. Noble
Secretary of the Interior
Dear Sir

Mr Minor W. Bruce informs me that Captain Healy, himself and others have made Application to your Department for permission to build a toll road from Chil Koot Inlet Across the Mountains in Alaska to the head waters of the Yukon River

The said road is to facilitate Miners reaching the gold fields of the Interior of Alaska and will be an important Step in the development of that Section.

The Construction of such a road has again and again been urged by parties interested in the opening up of Alaska.

I have often spoken in its favor myself. However in granting the permission an additional paragraph should be inserted protecting the interests

of the Chilkat and Chilkoot Natives whose homes ~~for~~ from time immemorial have been on the ground traversed by the proposed road -

Again the proposed road will occupy a pass in the Mountains that the Natives have always considered ~~their~~ the peculiar property of their tribe, so much so, that they have never allowed other tribes to use it.

I have called the attention of Mr Bruce to this and they are willing to insert the following Clause in their Application as Paragraph 5-th

"5-th That the Chilkat and Chilkoot Natives shall at all times be allowed &c "

Sincerely Yours
Sheldon Jackson

The Honorable,

The Secretary of the Interior:

Sir,-

I have the honor to acknowledge the receipt of your letter of the 16th ult., in the matter of the proposed visit of Dr. Sheldon Jackson, Special Agent of Education in Alaska, to Siberia, for the purpose of purchasing a few hundred reindeer for introduction into Alaska.

A copy of Mr. Chandler's letter has been communicated to Mr. Smith, with directions to ask the Russian Government to telegraph instructions to its officers in Siberia the purport of Doctor Jackson's mission, and to extend every possible assistance that may be in their power to promote its successful accomplishment.

The Department will endeavor to procure from the Russian Minister at this capital a letter to the Russian authorities in Siberia, in favor of Doctor Jackson and his mission.

I have the honor to be, Sir,

Your obedient servant,

(Signed) William T. Wharton.

Dear Dr. Jackson: —

Your letter of the 17th inst. with reference to sending our teachers to Alaska, enclosing letter from the Alaska Commercial Company is received.

If we wait for Capt. Knowles's ship which Mr. Thornton tells me will not probably sail until July 1st, it will almost certainly give our carpenter too little time to put up the new house at Cape Prince of Wales. Hence it seems to be much better to accept the Alaska Commercial Company's offer, if the expense is not too great. If the "$400 additional" is the gross sum for whatever passengers are taken and not the charge for each individual, and if you can send enough passengers to make the charge to each of the missionaries not too great, we will accept that arrangement — with our present light.

Please, therefore, let me know as soon as possible how many teachers you expect to send up in that way, and to what points they will

If you see no objection to it, send me their addresses also, so that our teachers may communicate with them.

Very sincerely yours.

M. E. Strieby.

Dear Sir:-

Your favor with reference to the killing of C. H. Edwards was received. The article in the "Star" over my signature was not quite as emphatic as when it left my pen. I know the character of Commissioner Rogers very well, as I met him several times last summer, and I was not surprised that he found means of exonerating the murderer. It seems to me that the department of justice ought to investigate the matter, and if the facts are as we understand them to be it would be quite in order for a successor to be appointed for Mr. Rogers.

I am informed that you start for Alaska in about a month. Are you coming through Chicago, and, if so, will you be here long enough so that I could meet you ? If you can make it convenient to stop over a few hours, I wish you could visit Evanston again. You have spoken there in the Presbyterian church and in the Methodist church, and I would like to introduce you now to our Baptist people.

Very respectfully,

The Presbytery of Elizabeth meets in my Church April 19th and we are making arrangements for the "popular Meeting" held that evening (19th) with all the ministers & elders present. You will draw a splendid audience, many of our ministers have asked me to write you, my Elders are enthusiastic, and I am commissioned by all to write you and ask you if it is possible for you to be present & give the address of the evening. At least 50 ministers &c will be present and I sincerely hope you can say "Yes". Rev Sheldon Jackson

Dear Sir =

It has been with considerable anxiety that the Missionaries of Alaska view the pending Legislation in regard to our Liquor laws

This Country most surely does not need more whiskey, but the rather less

It is heartrending now at the present status, but surely and increase in the consumption of smuggled Whiskey will not lessen crime nor raise the tone of society. What we need evidently is an iron hand to enforce the present Liquor Laws, with probably some enactments to more clearly define positions, conditions, requirements &c on various other subjects outside the Liquor business. It is reasonable

to suppose that is the Gen Gov would apply half the sum of the present expenses, outside of salaries, toward a successful exclusion of Intoxicants from the Fy, that there would soon be a more satisfactory state of things existing. This could only be done in providing three or four Steam Launches to fly the channels, having them manned by conscientious officials, including Revenue officers with authority to search every sloop or vessel coming within range. These small steam vessels need not cost over 2500. or 3000. dollars each and no doubt would largely pay for themselves by collecting duties on smuggled goods as well as save expenses in our Police Courts of Justice.

I had quite an interview with Deputy U S Marshall Harry Bowsin last evening in regard to various topics

of interest to me living in Alaska.
He remarked that to find an Indian that did not indulge in strong drink would be to find one that could be relied on in most every way and that one that drank was capable of committing any crime. This being true, and I do not doubt it, the big thing for the betterment of the natives is to pulverize the rum traffic - and second to somehow bring the law to bear on the almost universal prostitution going on among them.

It is very discouraging to see the many bright Girls coming out of the Mission Homes & Training Schools only to soon live lives of open shame. At the end of two more years some of our Girls will leave the Home here to try life's battle on the Beach. That they will prove too weak to resist the incursions of some

the white man will only copy the history of past events.

Mr Bowman tells me that he thinks that the Murderers of Mr Edwards & the two natives will be held answerable to the charge of manslaughter. The Evidence is clear that Campbell & Elliott had whiskey on board their sloop, and also that Mr Edwards saw the Indians drinking whiskey and that he did not lay hands on the two men until these facts were fully ascertained and in proceeding to tie the men & seizing the cargo of smuggled whiskey, he was acting entirely within the bounds of the law as a law abiding Citizen and his obligations as such, to uphold the requirements of the Law. Mr Marshall tells me that any Citizen can make an arrest when detecting a violation of law, therefore it seems strange that Campbell

should be held for such a charge
when the evidence is perfectly clear that
there was a triple murder committed to
cover up & prevent a detection in
Crime already existing. It was my
privilege to visit the scene of the
Tragedy. Upon receiving the news of
the Murder from Lithia I am 24th I
immediately Chartered the "Spoken" to go
down to Kake. I felt that this was due the
memory of Charles H Edwards not only
because of his connection with the
Quaker Church but because of his worth
as a man and because of the responsible
position the Government had placed him in.
Yours Truly T. E. Connett M.D.
If Missionaries and Government Edu-
cators do not stand by one another
interests no one else ever will. It was
not my privilege to be acquainted
with Mr Edwards but was looking forward
with considerable pleasure I am expected

meeting with him this coming summer.

I presume you have received notice from the local Board here of my application for the position of Teacher in school no 2. I only had a minute or two in which to write you as the Steam Boat was just ready to start.

I feel that the knowledge gained in the last five months will be of some advantage to the school in the event that the appointment should come to me or have labored under no peculiar circumstances all winter, which is it is hoped or will not have to undergo an other term.

Mrs Willard has taken a much needed vacation & is now in Ill visiting relatives Mrs Willard has been in quite poor health but is now feeling much better. He placed himself under my care professionally about three weeks ago. I think he will be all right in a short time. Yours Truly J. E. Committee No 2

Rev
Mr. Jackson.

My dear Sir.

Our Boys' Missionary Society in Dr. Storrs' Church are greatly interested in Alaska, as you learned it the other night; and in what Mr. Thurston said yesterday in Sunday School. They are to have a meeting this week, in

which to consider the
appropriation of $300.
or $400. for some missionary
purpose; before deciding
and which they will
send it to Alaska. They
want to know very
definitely in what way
it will do the most
good. They have wished
that it might go towards
the building of some Chapel
to be called Pilgrim, for
their own church, or perhaps,
as Mr. Thornton suggested,

to furnish the Chapel or School.
Now as you must know, what they
definite want, and they want their
money to go where it will do the
most good, and where just time to
time they may hear from it; and
continue their interest in their work.
Miss Stuart, whom you have met at
Mrs Shepards in New York, is the Mother
of the President of the Society, and she
feels decidedly, that the work should
be definite and individual, and it is
at her suggestion that I write you in
regard to it.
As the Meeting is to be held the middle
of this week! may back as immediately
as possible, we shall greatly appreciate it;
if you will just tell us, what to do.

Yours sincerely,
Ida C. Whitehead.

of Alaska. My Dept. is only concerned about the Revenue. leaving to the Dept of Justice. the administration of the law. and such an awful travesty. as it is.

Of course there can be no success. without the united effort. and honest union. of officers and good citizens to that end. The horribly degrading Conduct of those vicious characters. is a blot upon our moral character, as a nation. and a shame to the civilized world.

Rev Sir-

I recd your telegram yesterday: and sent you one to day asking you to wait for this letter before showing or using the letter I sent you a few days ago. Please accept my Thanks for your assistance. I know it is given freely for the cause of right and is welcome to that end. We have a hard fight ahead of us, but knowing we are right we need not ashamed or afraid of the face of Man. To day I transmitted a full report of matters in Alaska to the Honorary of the Treasury. Through Special agent Mulkey of this Dist. and before making any further effort. I want to see what disposition they will make of this report.

Properly speaking my Dept is only concerned with the Revenue leaving the other Depts to look after the affairs of Govt as they are appointed to do. but I have had it intimated to me that I would be censured for leaving my Post of assignment. without order to that Effect. That gave me an opportunity

rise as you may say to a personal explanation. and thus to present all the facts I have gathered concerning the terrible conditions of affairs in that Country. and in connection with that matter. I beg to assure you that we are will go further or do more to change the present diabolical rules in that Country than myself - Our present Officers Then seem to feel that the laws are powerless and they are helpless. but I protest against such a view. If the present laws are not sufficient. let us have others and then let us secure the Judiciary who will regard the law as their only friend and Enforce it. Destroy the idea that ~~that~~ popularity in Alaska is stronger than the law -

When I can aid you in this work please let me hear from me and you will thereby do me a kindness

Private letter

Juneau, Alaska. 3/23, 9x

Doctor Sheldon Jackson
Washington, D.C.;

Dear Sir;

Yours of the 25th ult, was received per last boat.

I would like to call upon you once again to assist me in the matter of Town Trustee for the town of Juneau.

As you know, the Secy of the Interior, at your and Senator Dolph's instance, wrote me that I should receive the appointment as Trustee for the Townsite of Juneau. A few of my enemies sought or rather now seek to defeat my appointment, and for that reason gave 24 hours notice "to select some one to be recommended to the Secy of the Interior for appointment", &c, they were chiefly, Blackett, Coon, Maloney & some of the Saloon element, and in spite of having all the machine & committee material, with a slate made up long ago, my friends insisted upon running me, and if it had not been for some slight mistakes made by some of my enthusiastic friends in the canvass I would certainly have carried the election, however my opponent, John Oldo, carried the election by 8 Majority, & that at a time, when many of my

friends were absent from Juneau.

I have the best element of the community, & my book & the vote as polled, Olds 64 Heid 84. shows that Mr. Olds is not by any means the choice of the representative value of property in Juneau. My friends represent at least 3/4 of all of the best property in Juneau.

Now I wish you would use your influence to see that the Sec'y of the Interior does not make a change in the appointment, I write this at the request of my supporters, for they are the real property holders. The element opposed to me here is the Whiskey Ring and in addition to this, was the Catholic priest, Father Althoff, who is doing all he can against our church here, in the affairs of which I take much interest.

Mr. Olds is a saloon keeper & so is his father in law John Prior, this corroborates my statement with respect to the element supporting him.

Mr. Bruce & I, are on good terms, but I'm inclined to believe he is the friend of Mr. Olds, so it may be best to try to keep him out of this matter, if you think it advisable.

Very Respectfully

HOME MISSIONS OF THE PRESBYTERIAN CHURCH.

ALASKA MISSIONS.

ALFRED DOCKING, Supt.

TRAINING SCHOOL.

Sitka, Alaska, March 23. 1892.

Rev. Sheldon Jackson, D.D.,

Washington, D.C.

Dear Sir:- By this mail I learn from Mr. Boyd that the Board will do nothing but "wait" at present. After General Assembly, there is a prospect of someone's coming up here to look into the past work and decide. I did not make the trip to New York for nothing. No "child's play" about it. There were grave reasons why some action should have been at once taken. Of course, I admit that their judgment is best in all these things. However, I have notified the Secretaries that I desire my accounts and other matters adjusted at that time, and shall under no circumstances, I think, remain. I see no good in a repetition of the Kelly experiences. He did great good here, and under terrible obstacles. I will under no consideration serve them under such circumstances. The field of Christian Education is too broad for that.

I shall now hold everything in abeyance for the conclusions of the visiting officer to be made known. The drainage and other matters which should be attended to will remain just as they are because I do not feel authorized to take any steps at all. When I was in Washington in April last, I had learned some inside facts about this place, and although I said nothing to you about them, I had almost resolved to reconsider my acceptance. Much as I should have enjoyed seeing you in November I resolved to pass right through westward, for then the Board could not think that I had received any impressions from you. I was careful as to no communications with Mr. Kelly for the same reasons. When I reached here, things were far worse than I had ever been informed. When the names of two previous supts., A.J. Davis, and Wm. A. Kelly, are held up as having been total failures, and the name of every teacher and missionary who has ever been here is given a round of hard criticism, it is full time that someone should begin to wonder whether the

informants are all right. Directly to me, these matters have been stated, so that I do not depend upon "hear-say." The name of Wm.Kelly is respected by myself and wife more every day. His work was blasted here, and the people who made statements to the Board about him have told me, ~~so~~ they did it and repeated the statements to me during the first few days of my stay here. Since then, they have been very careful. Everything you have had done about the church has been openly and dirtily criticised to me by parties. I am very much disgusted with the condition of Sitka. There is no opportunity for good work as a result of the best effort put forth by anyone. No man in the position Mr.Kelly was could possibly have reached what the Board desires. It was useless to expect it without changing some matters so that he had his hands free and was supported.

I will try with the April issue to make the little paper go. It must have some more matter from the various places in Alaska. I shall send some number down to Portland to Assembly.

I ~~enclose you copy of my resignation.~~ have resigned. You said in yours when I passed Washington that you wanted to know what I proposed to do.

Yours sincerely,

Alfred Docking.

Dear Bro

Mr King and I have gotten up a sort of Presbytery. I wrote PP on the typewriter some questions and have sent them to the different parties on the line of Steamer route. Mr King wrote off letters to accompany the same which will be returned to us and forwarded to you and will show the vote for Salaries & for commissioner.

The Town has had an election running Mr Heid and Mr Olds for Trustee for town of Juneau I said I was going to write up the affair for you. Mr Ward (who is with me - "batching") says he will write to Senator Mitchell Mr Heid is going to write to Dolph he may also write to you, but should he not, this is how the affair stands. Mr Heid was persuaded to run in the election that was gotten up by a few of the people Blackett and Coon had heard that Mr Heid was favorably spoken of in Washington in regard to the matter and they determined to fight him because of the action

that Mr Heid has taken in regard to the whiskey Smuggling business to put in a Saloon keeper Alds. to contest with one, Thorp the butcher. At the last moment almost Mr Heid was put in and an election resulted Alds 62 Heid 54, ~~and~~ It is a known fact that the book keeper for Nowell, who has charge of the business until Nowell's return, threatned many men into voting against their wish or not voting at all. By saying that they would loose their Standing with the Company if they voted for Heid &c. Other tricks were played. Such as having out water front parties (who were all with one exception in favor of Heid) Think of such parties as Koehler & James would not vote at all because of the Nowell Threat or rather the threat of the book keeper.

<u>After the election Alds and a few others got on a big drunk</u>. If this name is brought before the Secretary. I hope influence will be brought to bear to defeat its appointment as we do not want Law Breakers and Smugglers of every discription to hold our property in trust. There is upwards of $\frac{2}{3}$ or $\frac{3}{4}$ of the value of the town in favor of Mr Heid as Trustee

Dear Sir;

I enclose a letter from Mr. D. K. Johnson addressed to me relative to the application of Willoughby Clark for appointment as Asst. Dist. atty at Wrangel, Alaska. You see the drift of Mr. Blackett in this matter, you know Clark, & I would not like to see Mr. Bruce make such a mistake; would it not be advisable for you to call upon Mr. Bruce & ask him if he has such a letter from Blackett? if so, do not let him take the step.

Blackett, who pretends to be a friend of Mr. Bruce, is certainly attempting to use him in an unfair manner and will so compromise him. See if Clark's application is on file in the Attorney Genl's office, and also learn what endorsements he has, the application is to go on this book. If Clark should receive the appointment, (you know of his past doings) he would only interfere with the schools & missions at that place.

Very Respectfully

My dear Sir.

You will be glad to know that at the Boys Missionary Meeting this Evening, they voted their money for the Cake Room of Lower Mission, as you suggested. the amount will perhaps be $400. but of that we are not yet quite advised,

shall they send the check,
payable to your order at
Washington, they will please
be ready to do so next
week. If the Chapel could
be Pilgrim Chapel, and
any collect that may
come to them from the Mission
will of course be of great
interest; and Bill Quicken their
efforts another year
I will especially bright; to
ask you. if in view of their
future work, you can
sometime run, give them
in Dr. Stowe Lecture Room,

An illustrated talk on Alaska, as you did in the Early Winter in Dr. Halls church in New York. Bro. Stuart heard you there, and she wishes very much, as do we all, that you can do this. Bro. Sheldon said that perhaps you would be back here before long, and if so your convenience should be met.

Will you kindly tell me if you will, and the expense of such a thing with stereopticon as you gave it for Bro. Shepard.

We would not ask so much, but we want to further interest our young people, and to do all we can in the coming year.

Very sincerely,

Dear Friend Dr Jackson.

Here we are safely settled in Chicago. We arrived about the first of January — About a month ago Frances E. Willard the Editor of the "Union Signal" the flag of the W.C.T.U. — asked me as a special favor to write

an article for the Union Signal - touching upon the terrible outrages in Alaska - as I had only visited the least of the missionary work I was really ignorant of "terrible outrages" - She then said You could give me information as the occurences were in Eskimo Land!

Dear Doctor, the world is small but Alaska is large - and I wish You would help me not that I will write Exactly about this matter for the Union -

but I would like to
have a little letter from
you — for another reason.
I was invited to attend
last week
a missionary meeting of
the First Baptist society
and Alaska was the
study for the day —
Several tired weak
voiced women arose and
tried to read from some
leaflets about two inches
square — copied from
your reports (I suppose
to your Board of missions)
These women conduct

See very well, couldnt pronounce any Eskimo words and as they were not interested themselves they failed to interest others — I was asked to speak — which I did Sir! Erm You know I am not a public speaker — but I found I awakened an interest that had lain dormant and I was quite puffed up — You know! You would have thought I had been associated with You for the last Eleven Years

the outcome of it all was that they appointed another Alaska day the third Friday in April — and I am invited to speak I hope with more force and better information.

Can't you give me a few points of your own personal Experience — I find it appeals far more to the heart when we say we know personally and by seeing of the eye the persons engaged in this good work —

I told them they had in their S.S. Library — a

work by Rev Sheldon Jackson that would tell them all about Alaska and be far easier to read from — Yesterday a friend told me they had about fifty calls for Dr Jacksons book last sunday —

I am so sorry — but Judge Bugbee loaned one copy & your book also "The Story of Metlakatla" so I am half at- sea as regards detail —

But very sure Dear Doctor & you never

tring Zeal, and, you
certainly ham built- your
self a monument lasting
and immortal on the
Alaskan islands-
Now will it trouble
you too much - if
so to send me some printed
extracts, I hope from
this Baptist- meeting
I shall be invited to
attend some what Z
Presbyterianism meetings
and if I can hear
from you it will
make my work seem

all the nearer to the heart of it all.—

How is your wife? and daughters too — How I would like to see them — Are you Arctic bound this year? You must surely come and see us if you pass thro' Chicago.—

You dont know how it aggravates me to go to these meetings and hear of the "good work going on in Burmah Siam &c — and feel

that here in their own United States they need all the money they are sending so far away-

If you are rushed and cant attend to this, all right, only I would dearly love to have a letter "personally conducted" by you to read — Do it- vanity ?- no it- is the desire to arouse an interest in Alaska — Mr Kaydon is writing some telling articles in the Sunday Tribune that are arousing intense interest —— — Mr are

will and enjoy Chicago immensely — It is so enjoyable to have everybody polite and the rose jar of etiquette always shedding a pleasant perfume — never to hear a jarring word against my neighbor — from letters we hear they are wrangling worse than ever — Governor Knapp has had the editors of Alaskan and Juneau Record arrested for libel, — — We are glad not to hear it all;

Dear Sir

I remember when you were here you said it would be very expensive to send supplies of bedding clothing &c. to Alaska, and suggested sending around the Cape (Cape Horn) Can you tell me by what line of steamer, or can you give any information regarding kind of vessels. When they sail, & what time the goods will need to be shipped? I am anxious to know all about it, as the Spring is coming. Shall we buy our furniture

in San Francisco, and can you tell me where? Would it be better for Mr. Jeordorf to buy or order what he needs? All these questions will be gladly answered. I know by you, but I feel sorry to trouble you so much.

Mr. McKinnie who has been such a tower of strength to us has been called home, and Mrs. McKinnie has not sat up since the funeral. This whole Alaska matter now rests upon me. The burden is heavy.

Sincerely yours,
M. C. Reynolds.

How & where shall we secure teachers for Alaska? Ought we to begin now to make inquiries?

Dear Sir:

Your letter was received on Wednesday. I had written the day before to Mrs. James, & received a reply on Thursday. Mrs. Bennett wrote also to Mrs. Boyd, &, as all these letters state that Frederick is employed by the Woman's Ex. Com. of Home Missions, the Superintendent of our S. S. is satisfied on that point; but he wished to know if the Committee thought Avgoon a good place for our Memorial. Mrs. James died

not answer that question, & I wrote again repeating it, and asking her to write a letter that could be read at the meeting of our Juvenile Miss. Soc., next Sunday morning. Yesterday Mrs. Bennett showed me Mrs. Boyd's letter, in which she said that the building was more needed elsewhere - that the one occupied by Frederick now, answered the purpose very well (I do not remember the exact words.)

I write to you, because I think you may perhaps know more about the condition of the building, & as you think a new one is needed a letter from you to the Ex. Com. might have some weight - I wish very much to have the building at Angoon, because of the interest Mrs. Williamson took in Frederick (more)

and I am sure Mrs. Woods feels as I do.

Fred did not say in his letter to me, that he was employed by the government, but he had heard it & wanted to know if it was true.

I was sorry not to see Mr. Kelly after S. School yesterday. I waited some time, but he was talking with others, and I had to leave without speaking to him.

Very truly yours
Emily Rittenhouse

P. S. If you could send a letter immediately to the Ex. Com. it might reach them before Mrs. James sends her reply to me.

My dear Dr. Jackson:-

I have a private note from Wrangel, Alaska, saying that Judge Shakeley is greatly incensed at his removal and is endeavoring to secure the removal of Mr. Milmore in order to have a man appointed who will work with the whiskey ring. I give it to you for what it is worth. I know Mr. Milmore's wife and have the highest regard for her, and I have frequently been assured that Mr. Milmore was a most excellent and honest officer.

My dear Dr. Jackson.

I write simply to inquire what progress you are making in settling questions as to the shipment of teachers and supplies to Alaska, and whether you have any new light to give to us in regard to the sending of ours? Mr. Thornton expects to be married next week, and we have a good prospect of securing another excellent teacher to go with him and his wife. We depend very much you know upon your good judgment and thorough acquaintance in these matters to aid us in laying our plans and carrying them out.

What teachers will you send, and in what way will you send them, and what are the prospects of securing favorable terms for sending the coal?

With the hope that Mrs. Jackson's prospects may be encouraging as to the recovery of her health, I remain,

Very sincerely yours.

Dear Dr Jackson.

I am not at above place but shall be soon. I am on way back from Port Hadlock where I went to ship a ton of supplies to Mr Finch - Just got in night - by permission of Mr Lingle. I stopped at Seattle & Port Townsend to see men about contract for Jesse Lee Home - men that Capt Woodall had talked with. One I asked you about - without reply so supposed you away.

I received the Rockford letter, you so kindly sent. Do you want it returned? did you send Alaska map to Rev J. W. Hamilton D. D. East Boston. whose name I gave you? If not if one can be spared I should be glad to have it sent soon as you can. He will soon be away & sail - Com. He is one of our most energetic influential men & can do or undo much as he chooses. A moment can be spared to write a word &

it will be good land in good ground.

I have no word from you. What's the outlook? What has the winter done in res. light - "grippe" - 6 weeks just to be I was ready to start & do duty time every moment after midnight - I have found no time to ask questions but am starving for information in regard to affairs at K.

When do you go to A. - Write now looks as if I might get to you may.

It is simply useless for any or all to guess the change of location from home until I get there. With all you have said of the location at Malaska & all others, it surely must be seen on all sides & in all phases by my own eye before I can see a change desirable. But, I assure you if the latter place seems preferable - on my arrival I am not so strongly riveted to the old place as to be immovable. I think however that the tap-root has got there & clinched & riveted there. However it can be cut you know if not pulled up.

Agent for Alaska.

Dear Sir;

Yours of the 26th inst. received. It will be not only convenient, but a great pleasure to have you address our young ladies next Sabbath evening - April 3d at 7 o'clock.

In your former talk to us you gave considerable attention to the Physical Geography of Alaska, and its vast resources, its divisions or districts, and different Indian tribes. Then came the moral status, - the different denominations and

missionary
the locations of their stations.
We should like a brief out-
line of the same, and are es-
pecially desirous for a repeti-
tion of some parts of your former
address, hoping thereby to still
more deeply impress the minds
of those who were so fortunate
as to hear you upon the following
points. Please emphasize, for
instance, what you said about
the striving of the Holy Spirit
with those poor people, - the
desire and effort to be good
before they knew anything of
the word of God. Please also
repeat the story of the chief's
way of announcing that the
heavens were about to open,
and that a letter had come
from the Great Spirit, - their
eagerness to learn, - the terrible

lines of the coast-girls, - the Boarding School, Mr and Mrs Tuck, - the present-status, needs, and practical suggestions as to ways of helping them, particularly the schools and girls.

So far then from hesitating to repeat-yourself, we hope you will endeavor to do so upon these points, as we greatly desire to hear them again.

With thanks for your willingness to speak to us again, and with pleasant-anticipations of the profit it will bring to the hearts of our dear girls, I am - Yours Sincerely

Sarah A. Scull.
